

PHOENIX LED *docklite*[®]

Long Life
Instant On
Energy Efficient
Easily Retrofitted
Extremely Durable
Bright, Uniform Light

ORDERING INFORMATION

Small profile minimizes potential for impact

Metallic housing and solid state light source are extremely durable

Housing remains cool to the touch during operation

Easily retrofits to installed dock light arms

Long-life LEDs (rated 50,000 hours) deliver bright, uniform, instant-on light

Delivers more light to the nose of a 53' trailer than dock lights with 150W incandescent lamps

Impact-resistant acrylic lens

16W ENERGY EFFICIENT
Uses 89% less energy than 150W models!
